

CME-Genomic Insights Across Reproductive Health

Brief description of the event:

Fernandez Hospital conducted a Continuing Medical Education (CME) program titled **“Genomic Insights Across Reproductive Health” on June 22, 2025**, at The Golkonda Hotel, Masab Tank, Hyderabad.

The event brought together around 65 participants from various organizations, including healthcare professionals, researchers, and specialists in reproductive medicine. The CME aimed to explore the evolving role of genomics in reproductive health, highlighting advancements, clinical applications, and future directions in personalized care.

The sessions featured 16 expert speakers who shared cutting-edge research and practical insights, fostering meaningful discussions and collaborative learning among attendees. The event served as a valuable platform for knowledge exchange and professional development in the rapidly evolving landscape of reproductive genomics.
