Copyright Transfer & Undertaking Form

Manuscript Title:

As corresponding author for this paper, I vouch for the fact that this manuscript represents original work/ original findings done/ observed by me and my co-authors. The contents of this manuscript are authentic. This paper has neither been published in any other print/ online format, nor is it currently submitted for publication elsewhere. All the authors have read and approved the manuscript prior to submission. Competing interests and/ or funding sources, as relevant, have been mentioned in the manuscript. For all clinical photographs and other data likely to reveal patients' identity, signed informed consent from the patient(s) or the parent/ legal guardian(s) has been obtained. For research studies (as applicable), approval from the Ethics Committee of Institute has been obtained.

If this paper gets published in Genetic Clinics, I and my co-authors will transfer all copyright ownership, including any and all rights incidental thereto, exclusively to Genetic Clinics,.
